The Forgotten Poet of Al-Ahmadi

A Tale of Vision, Faith, and Destiny

- **Fahad Saleh Al-Askar**, a Kuwaiti poet whose blindness took his eyes, and loneliness took the rest.
- The story reimagines his real life through a mythical folktale lens, blending truth with imagination.
- Inspired by one of his love poems for an unknown woman, a mystery lost to time.
- This tale answers what history could not... but who was she, really?
